

JACKSON & RYAN
ARCHITECTS

6 May, 2025

Job Opening: Junior Designer (Houston, TX)

We are seeking a full-time Junior Designer to perform below job duties and responsibilities:

Job Description:

- Work under the supervision of State-licensed architects to prepare architectural designs and working drawings.
- Collect information regarding design, structure specifications, materials, color, equipment, estimated costs, and construction time, coordinate structural, electrical and mechanical designs, integrate engineering elements into unified architectural designs, and determine a method of presentation to graphically represent building plans.
- Produce presentation and contract deliverables such as diagrams, 3D models, drawings, renderings, physical models and animations.
- Collaborate with project teams to understand design requirements and translate them into technical drawings.
- Assist in the preparation of project presentations by providing visual aids and technical documentation.

Minimum Requirements:

- Bachelor of Architecture.
- Familiar with InDesign, Revit and Illustrator.
- Critical thinking, attention to detail, and strong communication skills.

Interested candidates, please send your cover letter and resume to Jackson & Ryan Architects Inc, 2370 Rice Blvd, Ste 210, Houston, Texas 77005.
